

Dear Friends,

Once again, the new committee took over MAGH in the month of March. The President and the new committee would like to acknowledge your trust in us by choosing to serve you in 2008. We promise, we will do our best to serve the community.

MAGH, as the host association of FOKANA in 2008, has lot of responsibilities in supporting the convention. We the MAGH, committee request all the MAGH members to register for the FOKANA convention.

We did a good job by purchasing a new facility for our association. I think, the mortgage payment is a concern for all of us. We are a high-middle class community in USA. If we all try and put our mind where our wallet is, we can pay off our mortgage without any problem.

The motto of this committee is to raise enough money to pay off our mortgage and plan new ventures for our Kerala House. We the committee members are expecting your full co-operation for raising enough funds to see a debt free MAGH.

The committee request all our members to come and see as well be part of the new Kerala House located at 1415 Packer St, Stafford.

The events dates are published in the bulletin. Please mark your calendar and be a part of all events. After all this is your association. Together we can do it.

Jai Hind

John Kunnakkattu

President of MAGH.
